About CIT

The V. Rangasamy Naidu Educational Trust devoted to the cause of promoting technical and scientific literacy, established Coimbatore Institute of Technology (CIT) in 1956. CIT is one of the most reputed and prestigious educational institutions in South India since 1956. The Institute backed by World Class research and development attained autonomous status in 1987 and is affiliated to the Anna University of Technology.

The Institute boasts of strong academic-industrial interaction and a high quality of research and consultancy. CIT, managed by a pedigreed lineage for the past 50 years, enjoys national repute. The Institute has the services of competent qualified faculty, and visionary management to enhance the quality of education at all levels and maintain its position in emerging global scenario.

About the Department of Mechanical Engineering

One of the founding departments of Coimbatore Institute of Technology (CIT), the Mechanical Engineering Department has played a leading role in evolving an 'Engineering Science' based curriculum. Today, the department of Mechanical Engineering of CIT attracts and features an extraordinary rich diversity and quantity of talented individuals, with nearly 500 undergraduates which includes full time and part time, 60 graduate students and over 25 faculty members. The department served as a role model for many academic institutes in and around Coimbatore, Tamil Nadu. Apart from teaching undergraduate and post graduate students, the faculty of Mechanical Engineering actively pursues research through graduate students and research scholars. Over the years, interaction with industry and the emphasis on applied engineering has increased. Continued research and development have led to better machines and processes helping the mankind.
